Fundraising with COTA is better than GoFundMe:

- ▶ Raise more money
- ▶ Know funds are secure
- ▶ Receive a lifetime of support

"Many of the medications I am required to take post transplant are very expensive with multiple prescriptions costing up to \$500 out of pocket each month. These are all COTA-approved expenses. COTA allows me to focus on my recovery and my health . . . and will continue to do so for the rest of my life. Now with a new set of lungs, and with COTA's support and assistance, the future I envisioned has become a reality."
