

COTA Can Assist Patients of All Ages with Polycystic Kidney Disease (PKD)

COTA can help remove the financial barriers to a life-saving transplant. COTA works with adults with single gene disorders, such as Polycystic Kidney Disease.

PKD patients with immediate family members facing the same diagnosis are eligible for combined or individual COTA fundraising campaigns.

COTA is a 501(c)3 nonprofit and is the largest organization dedicated solely to helping transplant patients and families raise funds for transplant-related expenses.

- ▶ COTA never charges a fee.
- ▶ 100% of funds raised in honor of transplant patients are available for a lifetime of transplant-related expenses.
- ▶ Fundraising websites are provided free of charge.

“More PKD patients who are on a kidney waiting list need to know how COTA alleviates the financial stress of a transplant. COTA has been a stress reliever by taking away the worry about transplant-related expenses to date ... and those yet to come. I am truly grateful to have teamed up with COTA.”
