Islet Cell Transplant Recipient

“In a matter of two months our lives turned upside down. Our collegiate athlete teenager had struggled for a long time with abdominal pain, but hearing she needed a rare transplant made our lives hectic, confusing and totally unpredictable. In a very short amount of time COTA gave us a huge sense of relief. With COTA we knew there would be money to pay for transplant-related expenses including the transplant, travel, temporary housing and so much more. It is a blessing to know COTA funds are available today and will continue to be available ... *for a lifetime*”
